### Notes :

- Upon registration at the Admission Office, you may choose one of the packages according to the availability of room categories.
- After delivery, hospital fees for staying beyond the designated number of days of the obstetric package, extra charges for the additional daily room rate, nursery fees and other items will be made added to the package. If the hospital stay last shorter than the number of package days, fees are not deductible.
- The delivery package is based on calendar day count.
- Daily room rate before package: Half-day room rate is charged for every 12 hours or less, full-day room rate is charged for every 24 hours or less.
- Daily Room Rate for Additional Nights beyond the designated Obstetric Package : Half-day room rate is charged for every 12 hours or less, full-day room rate is charged for every 24 hours or less.
- In case the mother or the baby needs special care, the Hospital will charge additional fees.
- Emergency Caesarean Section: (1) Caesarean Section performed after induction of labour, (2) unplanned Caesarean Section including unbooked operation theatre session, or (3) time from the client's admission to the scheduled operation time is less than 4 hours.
- Non-resident and resident pregnant woman must pay a deposit (non-refundable) on booking registration.
- The Hospital reserves the right to transfer the mother to other ward after delivery.
- Charge will be added for additional Surgery at Caesarean Section
